

Parental Consent Form for use of Images at Footprints

Consent form for the use of photographs, video or web

Footprints support the Safeguarding Children policy and recognise the welfare and safety of children.

In accordance with Safeguarding guidelines, photographs, videos or other images of children will not be taken without written consent of the parent or carer.

Legal requirement:

In order to comply with the Data Protection Law, a lawful basis is required before capturing images, which are classified as data of a child. Obtaining consent from the parent, guardian or legally appointed representative of the child provides that lawful basis.

We would therefore like to ask your consent for image capturing, either through photography or videoing, of your child in the following ways:
